

Prevent Drug Residues ... STORE VETERINARY DRUGS PROPERLY

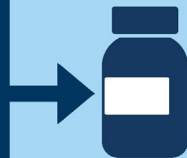

KEEP LACTATING AND NON-LACTATING DRUGS SEPARATE

Store drugs for lactating dairy cows on a separate shelf or in a separate cupboard to prevent mix-ups

FOLLOW STORAGE REQUIREMENTS AS LISTED ON THE DRUG LABEL

Does it need to be
protected from light?

Does it need to
be refrigerated?

Is it **expired or prohibited?**
Make sure outdated or prohibited
drugs are not accessible
